**BEST OF
BOSTON
HOME 2022**
AWARDED BY BOSTON MAGAZINE

LEAVE YOUR WINDOWS TO US

There's no place like
a new home to discover
your own style.

As a new homeowner you've got a lot on your mind.

Moving to a new home is a trying experience and we know you get lots of mailers trying to sell you all sorts of stuff. In 1989, we opened Innuwindow as a small family business with the goal of providing quality window treatments at great prices. We provided honest, informed advice in a low-pressure environment.

More than thirty years later, we have grown to be one of the largest independent dealers of shades, blinds, shutters, and fabric treatments in the country. And we've gotten here by serving our customers with expert advice, quality products, and unparalleled customer service.

In recognition, Innuwindow has been honored with a **Best of Boston Home** award for custom window treatments by **Boston Magazine**.

Innuwindow's talented and friendly design staff is dedicated to finding the perfect window treatments, wallcoverings, and furnishings for your home or workplace. Whether it's a shutter for your bathroom, drapes for your living room, or motorized shades for your office, Innuwindow will help you get the right products for every room in your home.
